

# Electronic target (U6A), with radio communication and mil spec monitor

Target model U6A is designed for medium and long range shooting (snipers).

With radio communication and battery solution, the system is totally flexible, for optimal training effect at various distances.

The target frame is made of solid wood.

3 sensors are mounted at the bottom of the target, with the inspection opening in front.

The lowest 20 cm of the acoustic measuring chamber, has to be covered in front in order to secure the electronics.

The target has an adjustable horizontal rubber band to seal the acoustic chamber.

## Recommended use :

- 100m-800m (supersonic ammunition) with radio (or wire) communication
- Running target (Moose, deer, human etc)

## Technical :

### Dimensions:

A .....	1300 mm
B .....	1300 mm
C .....	500 mm
D .....	300 mm
E .....	70 mm
F .....	47 mm
G .....	120 mm

Temperature range ..... -40°C till +70°C

Horizontal rubber band ..... 3 x 400 mm

Weight..... Approx. 30

## Supplementary equipment :

Specific aiming images.

# Electronic target (U6A), with radio communication and mil spec monitor

**Extremely easy to vary/change the shooting distances,  
in order to train more effectively;**

At the firing line there is only a monitor and a Pelicase (w radio, server and battery)

Close to the target, there is a similar Pelicase (w radio and battery)

**No wire between the target(s)  
and the firing line!**

**No calibration before shooting,  
just plug and play!**

**Monitor built on LCD technology, designed for  
all-year outdoor use (- 40°C to + 70°C).**

**No need for overroofed firing points.**

- The monitor is based on a chassis made of stainless steel.  
Waterproof.
- The display is readable in bright sunlight, and is protected  
by a laminated, anti-reflective coated glass, able to  
withstand the impact of cartridges from automatic weapons.
- Solid mil. spec. contacts.
- "Vandal proof" buttons.
- A smart card reader is standard.
- The monitor is easy to operate, with dynamic menus.
- Software for all kind of human targets.
